

# Bow Tie Shape Instructions

Over 30 bow tie shapes covering both the classic and more unique ones

# About

Bow Tie Bleau is an online shop that sells bow ties from LEGO® bricks and handmade quality straps that make them look good. The main culprit behind Bowtie Bleau si Mr. Bowtie himself (guy in the left picture).

He wishes everyone a crazy day (the good kind) and sees the creative potential of Lego bowties as cool way to get into that crazy spirit!

This bow tie instructions manual is a way to spread the fun and the excitement of creating your own unique bow, starting from the basics.

Enjoy and do check out the [\*\*Bowtie Bleau Shop\*\*](#)

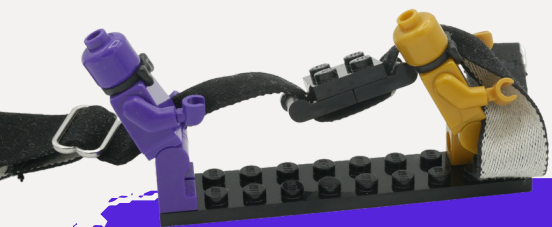

I wish everyone a crazy day because I believe that is the right mindset and approach to fully live and enjoy those 24h.

There is that wonderful saying that the magic always happens outside of your comfort zone. I fully agree with this. And I wish this to others as well, you included. So please, have a crazy day!

And feel free to pay it forward and wish this to others too!

Give us a follow to stay up to date and not miss out on any promotions or new products!

# Part 1: The Classics

Bow ties have been around for quite some time and through the years, some of the bowtie styles and shapes have become iconic. In this part, I go over some of those classic shapes and some of the more unique ones that I have seen and worn.

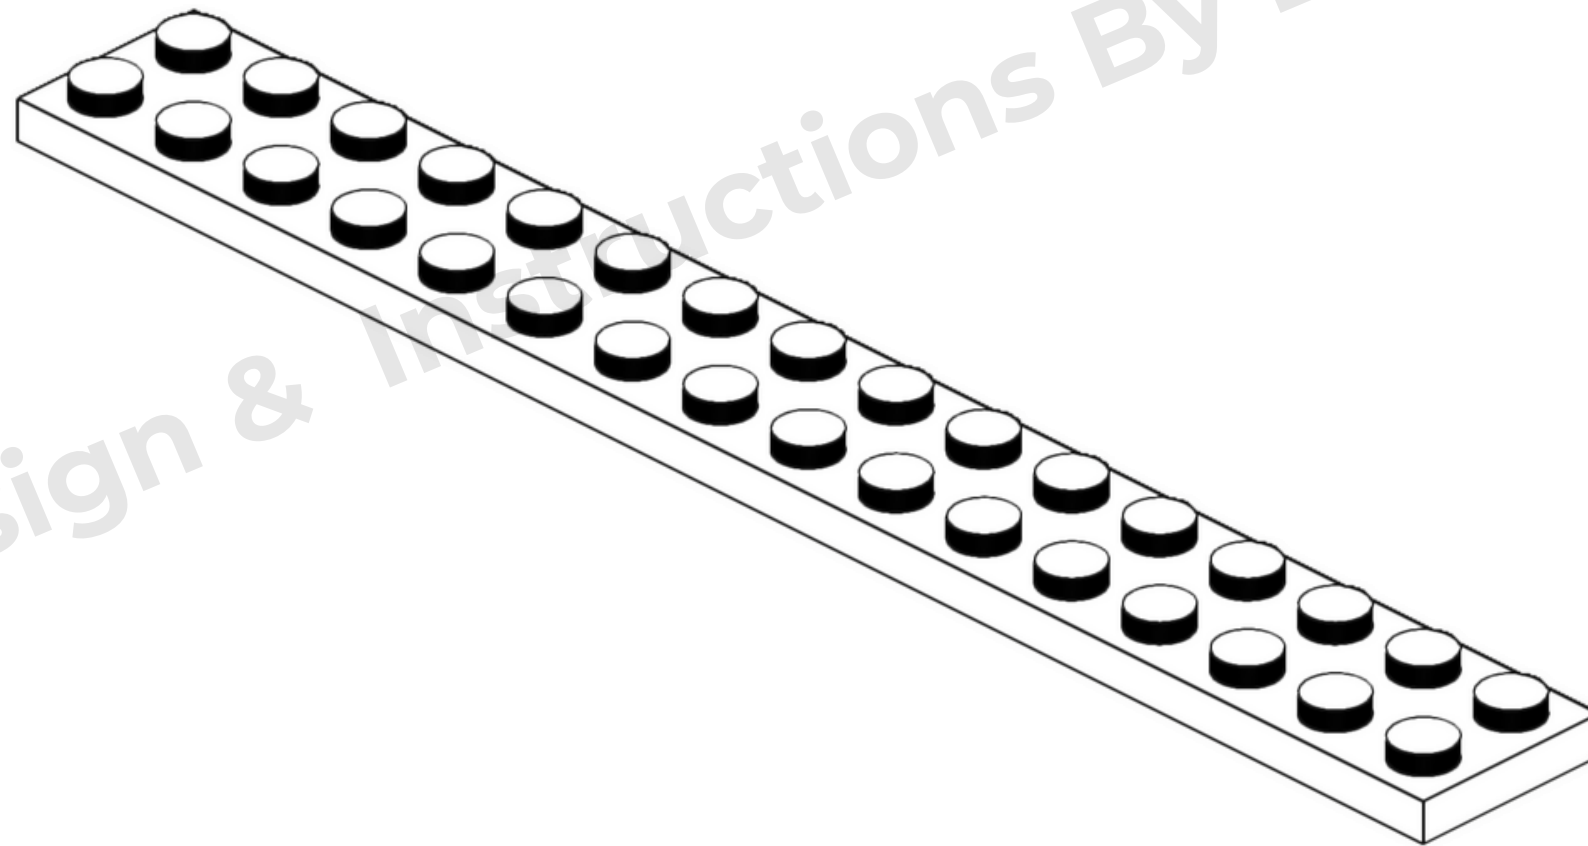

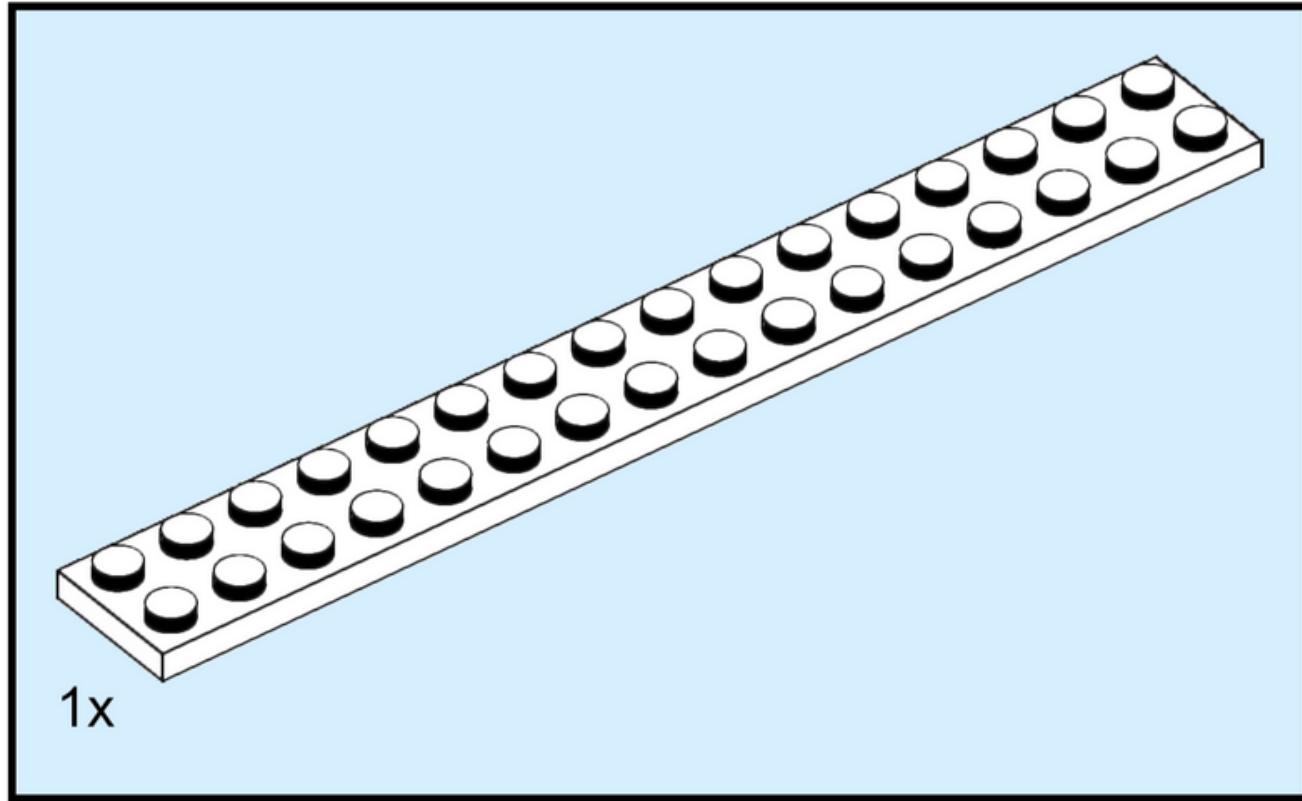

There are 16 shapes to try out in part 1. If you get creative and find a new variation or improve on the builds and want to share, do reach out at [bowtiebleau.com](http://bowtiebleau.com).

## Part 2: The Others

Up next you will find all the other basic bow tie shapes you can create. They are either new styles or derivatives from the named bow tie shapes. Enjoy!

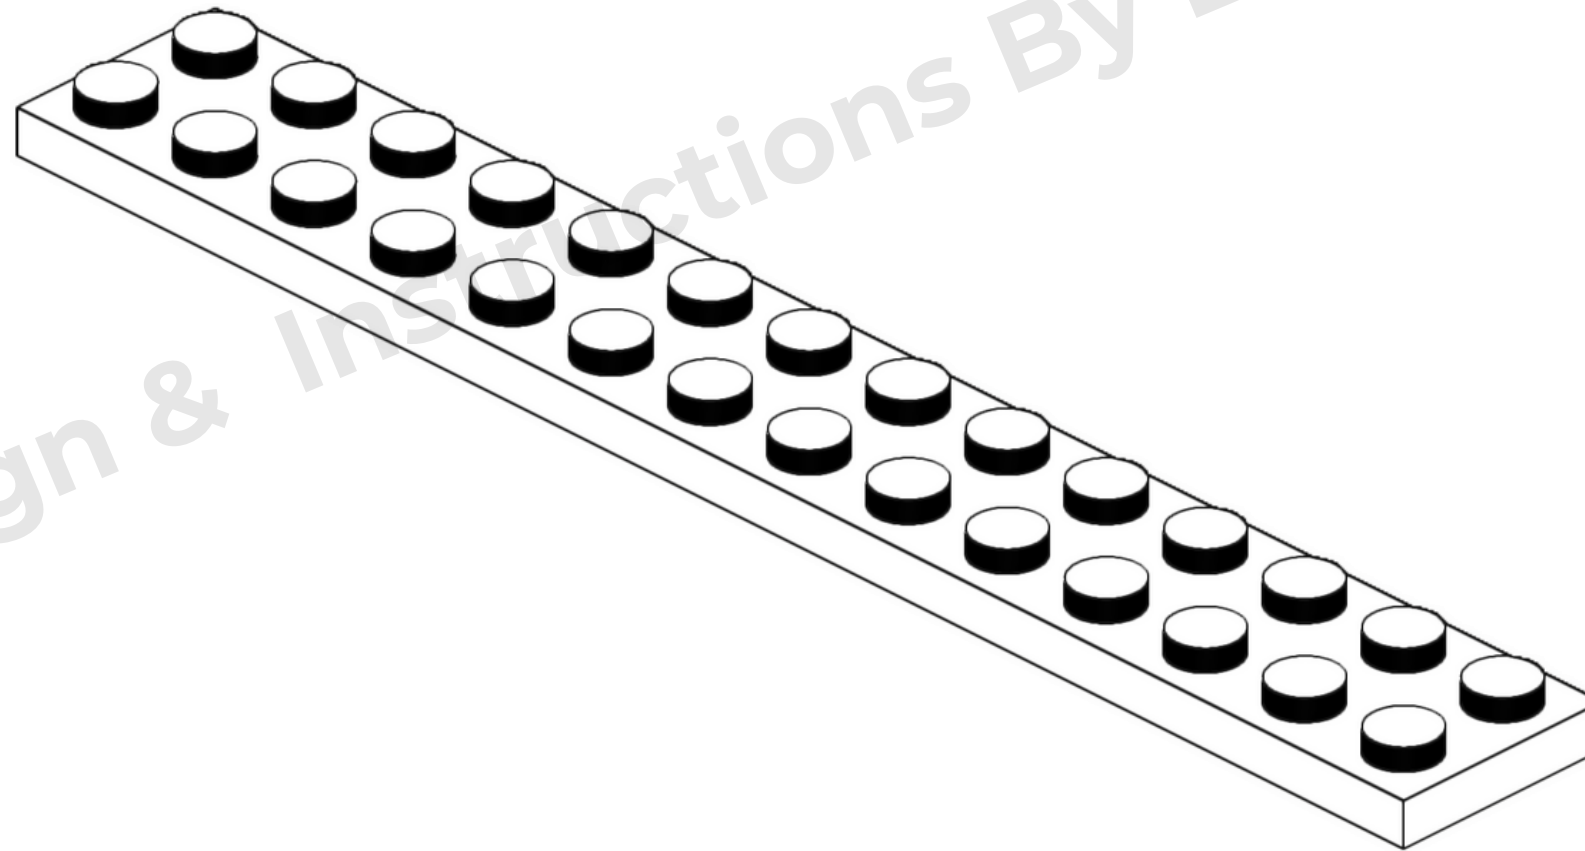

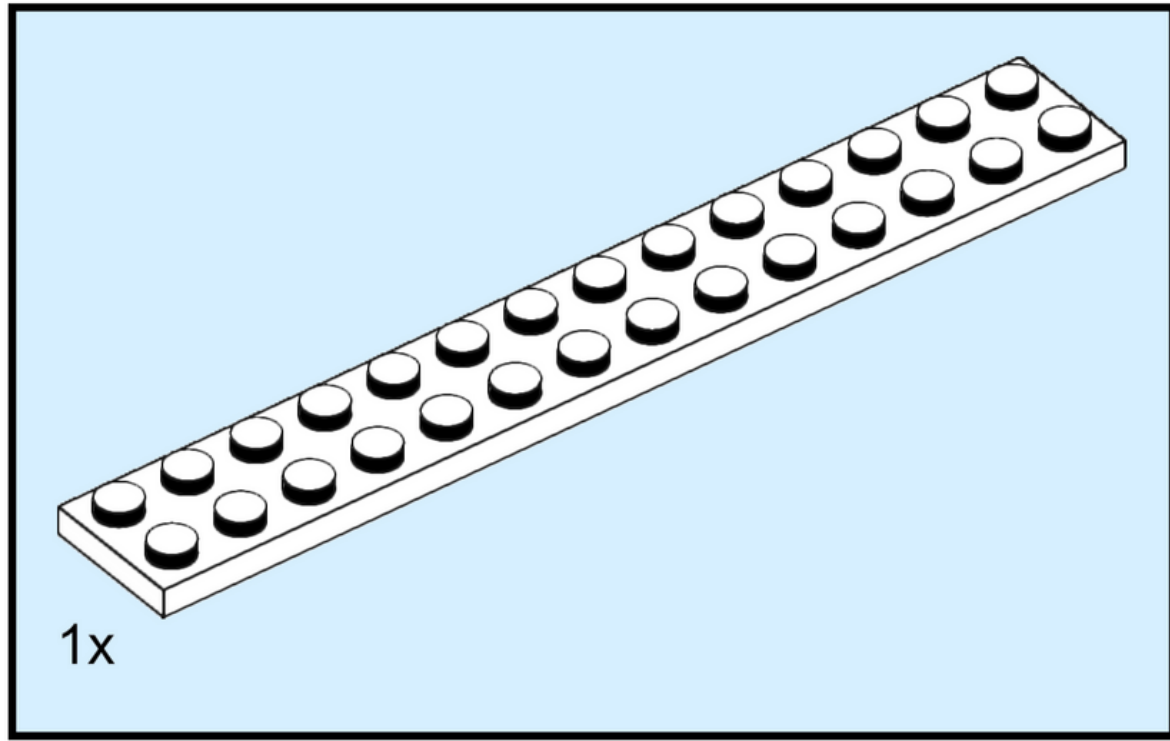

Also, if you want to share your bow ties or have discovered even more unique shapes, do reach out at [bowtiebleau.com](http://bowtiebleau.com).

Happy to promote and share with all my followers.

# Thank you for bowtie-ing!

I hope you've had a blast building all the shapes that you liked and that you also wore some of them. If you did, please take a photo and share it with me.

If you are open to it, please help me spread the word by sharing the [download page](#) on social media or writing about it on your blog, doing a video review, etc.

Every bit of promotion does make an impact, gets more people to have a crazy day and helps me find more fans of lego and bowties that want to wear them proper.

And of course, have a crazy day!
